# **SC HIGHER EDUCATION TUITION GRANTS PHILOSOPHY AND PURPOSE**

“Whereas, the General Assembly finds that as a result of the rising school population and the continuously rising cost of providing proper facilities for the higher education of young people, there exists in this State an urgent need to use all available educational resources wisely. A lack of higher education facilities is inimical to the welfare and prosperity of all residents of the State and to the continued financial growth of the State;

Whereas, the General Assembly also finds that within the State there exists several accredited independent institutions of higher learning whose facilities could be used effectively in the public interest by providing additional space for students thereby eliminating the need for substantial increases in capital outlay funds; and

Whereas, it is vital to the growth of the State that all qualified residents be offered the opportunity for furthering their education.

To achieve this in the most economical manner, students willing to bear the major cost of their education expenses should be assisted where financial need exists in an effort to make their educational goals more readily attainable.”

## **STATUTORY AUTHORITY FOR THE COMMISSION**

The General Assembly of the State of South Carolina, during the 1970 session, passed Act 1191 creating the Higher Education Tuition Grants Commission. This Commission was created as a State agency charged with the responsibility for overseeing the operation of the Tuition Grants Program.

## **HISTORY OF THE COMMISSION**

In 1970, the General Assembly passed a bill that created the Higher Education Tuition Grants Commission, an agency that was charged with the responsibility of administering tuition grants to independent college students. The Governor signed the bill on May 1, 1970. The original appropriation was \$5,000. No awards were made the first year. In 1971-72, the program aided 43 students. In 1972-73, a total of 134 students received awards.

The Tuition Grants Program has assisted many needy students since its inception in 1970. Since the beginning of the program, over 397,000 awards have been made.

## **PROGRAM ADMINISTERED BY THE COMMISSION**

The South Carolina Higher Education Tuition Grants Commission has been charged by the General Assembly with the responsibility of administering the Tuition Grants Program. This program allows South Carolina residents who attend participating independent colleges in this state to receive financial assistance from the state if they meet the eligibility requirements of the program.

All grant recipients must be full-time students, of good moral character, must demonstrate financial need, and must meet specified standards of academic merit.

Eligible students may apply their grants only toward tuition and fees at a South Carolina independent college that is non-profit and accredited by the Southern Association of Colleges and Secondary Schools or an independent bachelor's level institution chartered before 1962 whose major campus and headquarters are located within South Carolina. The amount of the grant may not exceed the student's financial need or the total of tuition and fees charged by the college. Also, the amount may not exceed the average annual state subsidy for the students who attend the four-year public colleges in the state.

Between August and October of each year, the Tuition Grants Commission distributes information brochures to all South Carolina secondary schools and to eligible colleges. The guidance offices at the secondary schools and the financial aid offices at the colleges distribute these materials to students throughout the state.

## **2014-2015 ACADEMIC YEAR**

The Commission received 34,301 complete applications for grants for the 2014-2015 award year. The Tuition Grants Program has opened the door of educational opportunity to thousands of South Carolinians. A survey of grant recipients has indicated that, if they had not received tuition grant assistance, many of them would not have gone to college or would have enrolled in one of South Carolina's public colleges at a greater cost to the State.

### **PUBLIC SERVICE ACTIVITIES**

During the 2014-2015 year, Commission staff members participated in eight professional programs for parents and students. These financial aid information sessions were conducted throughout the State and were attended by over 880 participants. Additionally, throughout the year, the staff participated in six statewide conferences held for high school guidance counselors. A total of 405 high school guidance counselors and college admissions officers attended these meetings. During October, the Commission conducted its annual training session for financial aid administrators with over 35 independent college financial aid professionals in attendance. The staff also conducted on-site training workshops for colleges as needed including Program Orientation sessions for new college presidents. Executive staff presented Program information at various meetings of the South Carolina Independent Colleges and Universities, including Independent Colleges and Universities Day at the South Carolina State House, and at the annual statewide conference of the South Carolina Association of Student Financial Aid Administrators.

On January 28, 2015, the Deputy Director participated in a statewide South Carolina Educational Television (SCETV) broadcast. The January broadcast was the annual SCETV program titled *Making College Affordable*. This one-hour SCETV broadcast was a live interactive telecast focusing on financial aid for postsecondary education.

The Commission's web site ([www.sctuitiongrants.org](http://www.sctuitiongrants.org)) provides students, parents, and the general public important program information, links to South Carolina's independent colleges, links to federal financial aid information, and links to necessary program documents for students and parents. Additionally, the Commission's web site provides a separate, secure section for college financial aid offices for expediting the processing of program reports. Colleges download information securely via the Internet instead of depending upon hard-copy reports or diskettes to arrive in the mail. This provides the Commission the ability to quickly disburse grant dollars to students.
